See attachment of Replacement Drawings.

## REMARKS

### I. Status of the Application

Claims 2-11, 22-24 and 26-31 are pending in this application. In the November 26, 2007 Ex parte Quayle Office Action, the Examiner:

- A. Allowed claims 2-11, 22-24 and 26-31;
- B. Objected to the Specification for various informalities; and
- C. Objected to the Drawings for various informalities.

The allowance of claims 2-11, 22-24 and 26-31 is gratefully acknowledged. In this response, applicants have amended the specification and the drawings as required by the examiner. Pursuant to applicant's telephone conference with the examiner on January 17, 2008, it is believed that the foregoing amendments to the specification and the drawings correct all of the examiner's objections to the application.

II. Conclusion

For all of the foregoing reasons, it is respectfully submitted the applicant has made a patentable contribution to the art. Entry of the foregoing amendments and allowance of this application is therefore respectfully requested.

In the event applicant has inadvertently overlooked the need for an extension of time or payment of an additional fee, the applicant conditionally petitions therefore, and authorizes any fee deficiency to be charged to deposit account 13-0014.

Respectfully submitted,
